SOFTSIM TECHNOLOGIES INC. · ACCESS TO INFORMATION AND PRIVACY

Axcess1 | SoftSim

Alberta

Built around your law — not around generic case management.

Axcess1 takes a request from intake to release under Access to Information Act (SA 2024, c A-1.4).

Your Act
Provisions, time limits, notices and letters already loaded

30 working days
The statutory time limit, calculated for every request

Agentic AI, optional
AI assists. Authorized officials decide.

Free for 30 days
One licence, the full product, no obligation

Built around your law

Many case-management products ask a public body to adapt its process to the software. Axcess1 is configured around the legislation, the procedures, the vocabulary and the reporting obligations of each jurisdiction. An organization chooses its Act once; every screen, deadline, letter and report then follows it.

Generic case management

The organization adapts to the software.

Axcess1

The software follows the legislation and the way government works.

Legislative support — ATIA

Access to Information Act (SA 2024, c A-1.4)

What the Act requires	As configured in Axcess1
Who it applies to	Government of Alberta departments, branches and offices, designated agencies, boards and commissions, the Executive Council Office, and local public bodies: municipalities, improvement districts, special areas, regional services commissions, Metis settlements, police commissions and services, library boards, school boards, post-secondary institutions and health care bodies (s. 1).
Time limit to respond	30 working days (s. 13(1)). The due date is calculated when the request is entered, with the holidays of the jurisdiction.
Extensions	Up to 30 working days. Up to 30 business days if the applicant agrees, a large number of records is involved, or consultation is needed; further reasonable periods on the same grounds (s. 16(2)) and for concurrent requests (s. 16(3)) or third-party notice (s. 16(4)) without the Commissioner's permission. Applicant must be told the reason, expected date and review right (s. 16(5)). (s. 16(1))
No answer in time	Treated as a refusal (s. 13(2); s. 59(3)); overdue requests are flagged.
Third-party notice	Notice under s. 35; 20 days for the third party to respond; 20 days to seek review of the decision
Transfer to another body	s. 17, within 15 days
Decision and reasons	The decision letter gives the reasons, the provision relied on and the right of review (s. 14(1)(c)).
Fees	$25 initial fee for a general request ($50 for a continuing request); own personal information: copying costs only, charged if over $10; service fees only if the estimate exceeds $150.
Review and complaints	Office of the Information and Privacy Commissioner of Alberta; 60 days to ask for a review (s. 59(2)(a))
Privacy breaches	Notification is mandatory; the incident register applies this jurisdiction's threshold, notices and time limits.

Loaded for this Act

- **101 provisions** (exemptions, exceptions and exclusions) ready to cite on a redaction, each with its section number.

- **Request types:** General information request (ATIA s. 7); Own personal information (ATIA s. 7); Correction of personal information (Protection of Privacy Act s. 7).
- **Statutory steps on the timeline:** Extension under s. 16(1) (up to 30 business days: applicant agrees, large volume, or consultation); Additional extension under s. 16(2) (further reasonable period, same grounds); Extension under s. 16(3) — multiple concurrent requests by the same or associated applicants; Extension under s. 16(4) for the time needed to complete third-party notice (s. 36); Automatic extension under s. 16(9) — emergency, disaster or unplanned closure (notify Commissioner and applicant); Automatic extension under s. 16(7) — third party asked for review (records under review only)….
- **Standard letters** for this Act: acknowledgement, extension, third-party notice, fee notice and decision, from templates your office can edit.

Legislation-to-feature matrix

Legislative requirement	Axcess1 support
Statutory deadline	30 working days (s. 13(1)): calculated automatically for each request; overdue and upcoming requests on the dashboard.
Extensions and holds	Recorded as events that move the due date, each tied to its section of the Act.
Exemptions and exclusions	The provisions of ATIA in the redaction editor, each with its section number.
Third parties and consultations	Notices, consultation packages and their due dates tracked on the request.
Fees	Fee notices and payments recorded on the request.
Reviews, appeals and complaints	Recorded on the request timeline with their dates and outcome.
Redaction	Done by the analyst in the built-in editor; optional AI suggestions that the analyst accepts or rejects.
Decision letters	Generated from templates for this Act, with the provisions cited.
Release	A release package built from the reviewed records; redactions are permanent in the released file.
Annual statistics	Annual access statistics for the period, with each figure traceable to its requests.
Audit trail	Every action on a request is recorded with the user and the time.

From request to release

Step	What Axcess1 does
Receive and validate	The request is entered with its type, requester and date received; a number is issued from your own numbering pattern.
Calculate the deadline	The due date follows the Act: 30 working days (s. 13(1)). Holds and extensions move it and are recorded.
Assign and search	The request is assigned to an officer; the units holding records are tasked and their answers tracked.
Collect and review	Records are uploaded (PDF, Office files, scans with text recognition) and reviewed page by page.
Apply the provisions and redact	The analyst marks a passage and picks the provision of this Act; the released copy shows the section relied on.
Consult	Consultation packages are produced per party, with their due dates.
Approve	The response goes to the approver's inbox for review and signature.
Release	The release package and the decision letter are generated from the request.
Report	Requests, processing times, decisions and provisions invoked are counted for the period you choose.

Agentic AI across the lifecycle

AI is switched off until your administrator turns it on, one capability at a time. **AI assists. Authorized officials decide.**

Agent	What it does
Intake agent	Proposes a new request from a message, the portal or a drop folder; an officer confirms it.
Document intelligence	Summarizes and classifies the records and finds the people and organizations named in them.
Responsiveness agent	Suggests which records answer the request.
Exemption assist	Proposes provisions of ATIA with reasons; redaction candidates appear in the editor.
Consultation agent	Suggests who should be consulted and on which pages.
Quality assurance agent	Checks a package a second time before release.
Deadline watch	Lists the requests at risk of running late.
Copilot	Answers questions about a request, citing the records it used.

Audio and video, redacted and checked

- **Picture and sound together:** blur or black out part of the picture and mute or bleep what is said at the same moment, each redaction tied to the provision of your Act.
- **Faces, licence plates, screens and text found for you:** detection runs on the server that runs Axcess1 (yours, or ours in Canada), with no outside AI service, and follows each one as it moves. An authorized official accepts or rejects every find.
- **Checked before release:** each redacted copy is compared with the original, box by box and passage by passage, and a copy that fails is not released. Location, author and device details are removed; the original is never changed.

Migration, deployment and security

- **Migration:** case history, requesters and documents are brought over from the system you use today.
- **Deployment:** hosted by SoftSim in Canada, on your own private cloud or servers, or standalone on a PC or Mac.
- **Security:** SoftSim is cleared by the Government of Canada at the Top Secret level. Each organization's records are separate, access is controlled by role and every action is recorded.

Try it free for 30 days

One free licence for 30 days, with the full product and no obligation.

If you keep it (Canadian dollars, plus applicable taxes)	Price
Single user	$999 a year
Standalone for your PC or Mac	$999 to buy and install on your own computer
Technical support, upgrades and maintenance	$599 a year
Hosting by SoftSim	$1,119 a year per user
Organization licence, up to 5 users	**$4,999 a year**, hosted, with support, upgrades, backups, security and recovery
