Built around your law

Many case-management products ask a public body to adapt its process to the software. Axcess1 is configured around the legislation, the procedures, the vocabulary and the reporting obligations of each jurisdiction. An organization chooses its Act once; every screen, deadline, letter and report then follows it.

Generic case management

The organization adapts to the software.

Axcess1

The software follows the legislation and the way government works.

Legislative support — FOISA

Freedom of Information (Scotland) Act 2002 (2002 asp 13) and *UK GDPR and Data Protection Act 2018 (right of access, Art. 15)* (Regulation (EU) 2016/679 as retained in UK law; 2018 c. 12)

What the Act requires	As configured in Axcess1
Who it applies to	Scottish public authorities within s. 3: bodies, persons and office holders listed in schedule 1 (Part 1 Ministers and the Parliament; Part 2 non-ministerial office holders in the Scottish Administration; Part 3 local government; Part 4 the National Health Service; Part 5 educational institutions; Part 6 police; Part 7 others), persons designated by order under s. 5, and publicly-owned companies (s. 6). UK-wide public authorities are covered by the Freedom of Information Act 2000 instead.
Time limit to respond	20 working days (s. 10(1)). The due date is calculated when the request is entered, with the holidays of the jurisdiction.
Extensions	FOISA has no extension, and none to weigh the public interest: s. 10 gives the twentieth working day (the thirtieth for the Keeper of the Records of Scotland, s. 10(2)). Further information reasonably required (s. 1(3)): time runs from its receipt (s. 10(1)(b)). Fees notice (s. 9): working days from the notice until the fee is received are disregarded (s. 10(3)); fee payable within three months (s. 9(3)). EIRs: up to 20 more working days for voluminous and complex information (reg. 7).
Third parties	The Act sets no formal notice; consultations are recorded and tracked on the request.
Decision and reasons	The decision letter gives the reasons, the provision relied on and the right of review (s. 16).
Fees	Amounts are in pounds sterling (GBP). No application fee. No fee where the projected costs do not exceed £100; from £100 to £600 the fee may not exceed 10% of the difference between the projected costs and £100 (at most £50); staff time at no more than £15 per hour. Refusal possible when the cost would exceed £600 (s. 12); if the information is provided anyway, the fee may not exceed £50 plus the projected costs above £600 (s. 13). EIRs: a reasonable fee under a published schedule (reg. 8).
Review and complaints	Scottish Information Commissioner; 180 days to ask for a review (s. 47(4) (six months; entered as 180 days))
Annual reporting	FOI and EIRs statistics submitted to the Scottish Information Commissioner (quarterly)
Privacy breaches	Notification is mandatory; the incident register applies this jurisdiction's threshold, notices and time limits.

Apply the provisions and redact	The analyst marks a passage and picks the provision of this Act; the released copy shows the section relied on.

Audio and video, redacted and checked

- **Picture and sound together:** blur or black out part of the picture and mute or bleep what is said at the same moment, each redaction tied to the provision of your Act.
- **Faces, licence plates, screens and text found for you:** detection runs on the server that runs Axcess1 (yours, or ours in Canada), with no outside AI service, and follows each one as it moves. An authorized official accepts or rejects every find.
- **Checked before release:** each redacted copy is compared with the original, box by box and passage by passage, and a copy that fails is not released. Location, author and device details are removed; the original is never changed.

Migration, deployment and security

- **Migration:** case history, requesters and documents are brought over from the system you use today.
- **Deployment:** hosted by SoftSim in Canada, on your own private cloud or servers, or standalone on a PC or Mac.
- **Security:** SoftSim is cleared by the Government of Canada at the Top Secret level. Each organization's records are separate, access is controlled by role and every action is recorded.
